REVERB FILMS LLC VIDEO PRODUCTION SERVICE AGREEMENT

This Agreement ("Agreement") effectively dated August 2nd, 2021, is between Reverb Films LLC (hereafter refereed to as "Contractor"), and NW Fire (hereafter refereed to as "Company").

In consideration of the covenants and conditions hereinafter set forth, Company and Contractor agree as follows:

1. Services

Company hereby appoints Contractor as Company's Video Production Agency, and Contractor shall perform the services as specifically described in the statement of work ("SOW"), attached hereto as Exhibit A. Any changes to the SOW shall be mutually agreed upon and documented in writing.

2. Payment

In consideration of the Services to be provided by Contractor, Company shall pay Contractor the compensation as specified in the SOW. Contractor's compensation, and other costs and expenses, shall be billed and payable as follows:

- (a) Company agrees to pay a 50%, non-refundable deposit due upon executing and signing this Agreement. This deposit secures the availability of Contractor as well as potential third parties on the specified date(s) listed in this Agreement. Company additionally agrees to pay the remaining 50% balance upon completion of the work as specifically described in the statement of work ("SOW"), attached hereto as Exhibit A.
- (b) Company acknowledges that final videos will not be released until 100% of payment has been received by Contractor. Upon completing payment to Contractor, Company acknowledges and agrees that all work as specifically described in the statement of work ("SOW"), attached hereto as Exhibit A is completed and no additional work is required.
- (c) Services outside Scope: For services requested by Company outside the scope of work as described in the SOW, Contractor will propose a fee, which shall be discussed and agreed upon in writing in advance by both parties and then reflected in a separate SOW to be attached to this Agreement.

3. Changes in Specifications

If at any time, Company or Contractor desires to make any changes or variations from the Scope of Work attached hereto as Exhibit A or from any material or work in progress, and such changes result in additional costs, Contractor agrees to notify Company of the amount before any such additional costs are incurred and Contractor shall proceed only after receiving written approval from Company. Approval by Company shall be binding and incorporated into the terms of this Agreement. Reimbursement for such additional costs shall be payable in accordance with the terms of this Agreement for final payment.

4. Confidentiality

- (a) Each party (the "Disclosing Party") may from time to time during the Term of this Agreement disclose to the other party (the "Receiving Party"), whether orally or in writing, certain information regarding the Disclosing Party's business, including, without limitation, technical, marketing, financial, employee, planning and other confidential or proprietary information, which information is either marked as confidential or proprietary (or bears a similar legend) or which a reasonable person would understand to be confidential given the circumstance and nature of the disclosure ("Confidential Information"). Confidential Information does not include information that: (i) is in the Receiving Party's possession at the time of disclosure, as shown by credible evidence; (ii) before or after it has been disclosed to the Receiving Party, enters the public domain, not as a result of any action or inaction of the Receiving Party; (iii) is approved for release by written authorization of the Disclosing Party; (iv) is disclosed to the Receiving Party by a third party not in violation of any obligation of confidentiality; (v) is independently developed by the Receiving Party without reference to Confidential Information of the Disclosing Party, as evidenced by credible evidence.
- (b) The Receiving Party will not use any Confidential Information of the Disclosing Party for any purpose other than performing its obligations or exercising its rights under this Agreement, and will disclose the Confidential Information of the Disclosing Party only to Receiving Party's employees, agents, directors, officers and service providers (including attorneys, accountants and financial advisors) on a "need to know" basis, provided such persons are under a contractual obligation with Receiving Party to maintain the confidentiality of such Confidential Information, which obligation is consistent with, and no less protective of Confidential Information, than the terms of this section. The Receiving Party will protect the Disclosing Party's Confidential Information from unauthorized use, access, or disclosure in the same manner as the Receiving Party protects its own confidential or proprietary information of a similar nature and with no less than reasonable care. Notwithstanding the foregoing, Confidential Information may be disclosed as required by law or by order of a court of competent jurisdiction. In such event and if reasonably possible under the circumstances of disclosure, the Receiving

Party will provide the Disclosing Party with prompt prior notice of such obligation in order to permit the Disclosing Party an opportunity to take legal action to prevent or limit the scope of such disclosure. The parties acknowledge that the unauthorized disclosure or use of the Disclosing Party's Confidential Information may cause irreparable harm to the Disclosing Party for which recovery of money damages would be inadequate. Consequently, the Disclosing Party shall be entitled to seek timely injunctive relief to protect its rights under this section, in addition to any and all remedies available at law or in equity.

5. Ownership

Upon full and complete payment being made by Company to Contractor, Company will have copyright ownership to all final videos ("Specified Media"). Until full and complete payment is made, Contractor will have full copyright ownership to Specified Media. Contractor may use any parts of Specified Media for valid business promotion and portfolio demonstration. Full rights to the raw video, photo, and audio assets of the contracted work are granted to Contractor unless specifically stated elsewhere.

6. Warranties, Representations and Covenants

Each party represents and warrants to the other that: (i) it has the right to enter into this Agreement and to grant the rights as set forth herein; (ii) there are no contractual obligations to which it is a party preventing the fulfillment of this Agreement; and (iii) neither this Agreement nor the transactions contemplated hereby will cause a violation of any other agreement to which it is a party. Company further represents and warrants that any and all materials provided by Company for use in furtherance of Contractor's provision of services under this Agreement are owned by, or licensed to, Company for such use, and Contractor's use thereof will not violate the publicity, privacy or any other intellectual property rights of any third party, including but not limited to, copyrights, trademarks, trade secrets or patents, nor constitute false or deceptive advertising, nor contain false or misleading representations concerning the safety or any other aspect of any product, nor be in violation of the laws or regulations of any jurisdiction in which such materials will be circulated or distributed. For purposes of this section, "provided by Company" shall include materials directly provided by Company and materials Company directs Contractor to obtain.

7. Cancelation and Postponement

A cancellation or postponement is defined as a rescheduling of the production to a later specific date caused or directed by Company or a total cancellation of the project caused or directed by Company. (See below; Term #8 for exclusions)

(a) If notice of cancellation/postponement is given to Contractor five (5) business days prior

- to the commencement of production of the contracted work, the Company will be liable to Contractor for 100% of total fee listed in attached SOW.
- (b) If notice of cancellation/postponement is given to Contractor more than five (5) business days prior to the commencement of production of the contracted work, Company will only be liable to Contractor for the 50% upfront deposit.

8. Contingency and Weather Days

A contingency or weather day is any day where a scheduled film production has been prevented from occurring due to circumstances beyond the control of Contractor or Company. In the event of a contingency or weather day as described below, Contractor will not be held liable for any and all third party costs or fees incurred from rescheduling of the production day(s). These include but should not be limited to location rentals, permits, flight/hotel reservations, and equipment rentals. Company agrees to pay any and all additional third party costs and fees incurred from contingency or weather days. These circumstances may include but should not be limited to:

- (a) Weather conditions (rain, fog, snow, or any adverse condition that is not consistent with the prescribed shooting conditions desired by Company).
- (b) Individual injury or major illness associated with Company or Contractor.
- (c) "Force majeure" (meaning but not limited to, earthquake, riot, fire, flood, volcanic eruption, acts of war, strikes, labor unrests, civil authority, terrorism, and acts of God).
- (d) Equipment failure, power outages, or no-show of third party talent.

9. Post-Production Revisions

At Company's request, Contractor agrees to complete up to three (3) rounds of post-production revisions on Specified Media(s) free of charge. These revisions can include audio adjustments, color adjustments, and minor clip arrangement/timeline adjustments. These revisions do not include restructuring of entire Specified Media(s) or changes that require an unreasonable amount of time to complete as determined by Contractor. After the second round of revisions is complete, or for all major revisions, additional post-production work will be billed to Company at \$150 per hour.

10. Indemnity

Each party hereby acknowledges and agrees that no other agreement or representation, whether written, oral or implied, other than those expressly contained in this instrument, shall be deemed to exist or bind either party with respect to the subject matter of this Agreement. No modification, amendment, or waiver of any provision, obligation or breach hereunder is valid unless made in writing and signed by both parties. Failure to enforce any provision of this Agreement shall not operate as a waiver of such provision or any other provision.

14. Enforceability

Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement shall become prohibited or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity without invalidating the remainder of such provision or the remaining provisions of this Agreement.

Subject: RE: Drug Screens

Hello all-

I am happy to jump on a call to discuss this particular issue in more depth. But, the general rule for pre-employment drug testing is that it's not allowed except in special situations. One situation where it is allowed is where the position is a safety-sensitive position. Below is an excerpt from my previous research.

To answer your specific questions — see my advice below in CAPS. In short, this applicant should not be required to take a pre-employment drug test.

Pre-Employment Drug Screening

Lanier v. City of Woodburn, 518 F.3d 1147 (9th Cir. 2008) is still good law and pre-employment drug screening is allowed for safety sensitive or security sensitive positions. In Lanier, the court explained that pre-employment drug screening is constitutional only if there is a "special need" that outweighs an individual's right to privacy. One such "special need" is where applicants are applying for safety-sensitive positions. However, this case clarifies that across-the-board drug testing in a pre-employment context is unconstitutional, unless the position for which the candidate is applying meets the special needs exception. The U.S. Supreme Court has reasoned that a safety sensitive position is one in which the duties involve such a great risk of injury to others that even a momentary lapse of judgement can have disastrous consequences. Skinner v. Railway Labor Executives' Ass'n, 489 U.S. 602 (1989).

We are considering whether or not this position in particular (as well as other non-safety sensitive positions) should even be required to have a drug screen prior to employment. Does the way our policy is written now require us to perform a pre-employment drug screen on all applicants? NO. THE POLICY AS APPLIED TO NON-SAFETY SENSITIVE POSITIONS IS UNCONSTITUTIONAL AND SHOULD NOT BE APPLIED TO THIS APPLICANT. Should our policy be revised to exclude those positions who are not safety sensitive from pre-employment drug screens? YES, I RECOMMEND AMENDING THE POLICY SO ONLY SAFETY SENSITIVE POSITIONS ARE INCLUDED IN PRE-EMPLOYMENT DRUG SCREENING.

We would like to move forward with the applicant and not require the pre-émployment drug screen. Moving forward, we would also like to exclude our Fire Corps volunteers who are non-operational and who provide only support services. YES, THIS IS A GOOD IDEA. ALSO, EXCLUDE ANY OTHER NON-SAFETY SENSITIVE POSITIONS.

Please let me know your thoughts at your earliest convenience as we have this applicant on hold.

Thank you so much! Hope you are well.

It is designed to inform all employees of the working guidelines for supervisory and staff personnel in the day-to-day administration of the District, and to provide employees an understanding of what is expected of them. It is also intended to ensure a consistent, fair and uniform treatment of District employees.

Any additions/changes to this Book (Administration-Book 2) shall be approved by the District Board of Directors prior to implementation.

The District reserves the right to change these policies and procedures from time to time as necessary. Exceptions granted in any instance however, shall not be binding in the future.

These rules are not meant to provide a solution to every question or problem which may arise. Likewise they are not intended to limit personnel in the exercise of reasonable judgment or initiative. SISTERS-CAMP SHERMAN RFPD CHAPTER 1; SUBJECT 31 DRUG AND ALCOHOL POLICY

DATE: 10/1/2007

BOOK 2 - ADMINISTRATION CODE: 2-1-31 Page 1 of 8

DRUGS AND ALCOHOL

STATEMENT OF CONCERNS

The District has a responsibility to its employees, and the public to ensure safe working conditions for its employees and a productive District workforce unimpaired by chemical substance abuse. To satisfy these responsibilities, the District must preserve a work environment free from the effects of drugs, alcohol or other performance-impairing substances.

POLICY

The misuse of alcohol and other drugs can impair employee performance, as well as physical and mental health, and may jeopardize employee safety as well as the safety of the public, which relies on the ability of the Department to respond in emergencies. The District is committed to maintaining a safe and healthy work place for all employees by identifying the misuse of alcohol and drugs, and by assisting employees to overcome drug or alcohol related problems through appropriate treatment and, if necessary, disciplinary action. Notwithstanding the terms of this Rule, each employee is responsible for meeting performance, safety and attendance standards.

The District has a responsibility pursuant to the Drug Free Workplace Act of 1988. Employees shall not report to work under the influence of any Intoxicating liquor or illegal drug. All employees understand that the use, sale, possession, manufacture, distribution and/or dispensing by an employee of any Intoxicating liquor, controlled, or illegal substance, or a drug not medically authorized, or any other substance which impairs job performance or poses a hazard to the safety and welfare of the employee, other employees or the public, is strictly prohibited, except for alcohol or medically prescribed controlled substances off-duty, and items of evidence while on-duty. Conduct in violation of this Rule may result in disciplinary action and/or criminal investigation, where appropriate. Employees should expect this policy to be enforced and administered in a manner consistent with the statements of concern and policy set forth below.

All medical and rehabilitation records in the possession of the District will be deemed confidential "patient" records and may not be disclosed without the prior written consent of the patient, authorizing court order, or otherwise as permitted by Federal law implemented at 42 CFR Part 2.

REPORTS OF PERMITTED USE

Each employee must report the use of medically authorized drugs or other substances which the employee knows, or should know, can impair job performance to the immediate supervisor and provide the supervisor proper written medical authorization

from a licensed practitioner/physician while using such authorized substances. An employee whose impairment may affect job performance should take sick leave or other steps consistent with the advice of a licensed practitioner/physician. It is the employee's responsibility to determine by asking his or her practitioner or physician whether the prescribed drug or other substance will impair job performance. If an employee reports to work under the influence of prescription medication and endangers him/her or others, the employee may be disciplined. Any failure to report the use of such drugs or other substances, or failure to provide evidence of medical authorization, can result in disciplinary action.

REPORTS OF DRUG CONVICTION

No later than five (5) days after any conviction for the violation of any criminal drug statute, the convicted employee shall report the conviction and the facts and circumstances surrounding it in writing to the Fire Chief.

EMPLOYEE EDUCATION

The District will afford employees an opportunity to deal with drug and alcohol related problems. The Fire Chief maintains information relating to the hazards of and treatment for drug and alcohol related problems. Any District employee may seek such advice, information and assistance voluntarily. Medical confidentiality will be maintained, consistent with this policy.

EMPLOYEE ASSISTANCE

Any employee who voluntarily requests assistance in dealing with a personal drug and/or alcohol problem may do so through a private treatment program for drug and alcohol problems. The Fire Chief will assist employees who wish to identify and select an appropriate treatment program. The District does not offer financial assistance other than the normal reimbursement from the district's insurance health plan.

If an employee seeks drug treatment voluntarily and not under adverse employment circumstances, accrued sick leave benefits may be used while attending rehabilitation. After such accommodation, the discontinuation of any involvement with alcohol or drugs shall be an essential requisite for continued employment, and is consistent with the District's policy of maintaining a drug-free workplace.

DISCIPLINE RELATED TO DRUG OR ALCOHOL ABUSE

An employee may be found to use Illegal drugs on the basis of any appropriate evidence including but not limited to:

- 1. Direct observation;
- 2. Evidence obtained from an arrest or criminal conviction:

CHAPTER 1; SUBJECT 31 DRUG AND ALCOHOL POLICY

DATE: 10/1/2007

BOOK 2 – ADMINISTRATION CODE: 2-1-31

Page 3 of 8

- 3. A verified positive test result; or
- 4. An employee's voluntary admission.

As a result of disciplinary action arising from a drug or alcohol problem, an employee may be directed to consult with the Fire Chief. The disciplined employee may also be required to participate in a drug or alcohol treatment program as a condition of continued employment.

A supervisor, based on reasonable suspicion that substance abuse is a factor in employment, may require an employee to be evaluated for drug and alcohol use and treatment by the Fire Chief. An employee may be required to participate in follow-up care as part of a comprehensive alcohol and drug treatment program based upon medical advice.

An employee may be required to authorize the Fire Chief to monitor the employee's treatment and satisfactory participation, and to submit to random blood and urine screening for alcohol and/or drugs for a specified period of time not to exceed 36 months in any situation where treatment is the result of District intervention. Medical confidentiality will be preserved, subject to rights granted by the employee to the supervisor and Department head to monitor treatment and program compliance through the Fire Chief, or directly with a health care provider.

Drug testing upon reasonable suspicion: Where a supervisory employee of the District has a reasonable suspicion that an employee is under the influence of alcohol or drugs, the employee in question will be asked to submit to discovery testing including urinalysis or a blood screen, or both. If drug use is confirmed, sick leave benefits will not apply if the employee seeks drug treatment, even if treatment is imposed as a condition of return to work or continued employment. Positive test results may only be disclosed to the employee, the Fire Chief, Deputy Chief and/or President of the Board or a court of law or administrative tribunal in any adverse personnel action.

Consequence of a positive test. An employee who is found to be under the influence of, or impaired by, alcohol or illegal drugs as a result of a test requested by the District based upon reasonable suspicion will be subject to disciplinary action including suspension or termination.

Consequence of refusal to submit to testing: An employee who refuses to submit to discovery testing for alcohol or drugs will be subject to suspension or termination, or both. Alleged lack of reasonable suspicion is not grounds to refuse to submit to a test; however, it is reason to challenge discipline if discipline is imposed based on the test result alone.

<u>Testing procedure.</u> When the employee is notified that he or she is required to consent and submit to such tests, he or she may request the presence of a representative to

BOOK 2 - ADMINISTRATION

CHAPTER 1; SUBJECT 31 DRUG AND ALCOHOL POLICY

witness the test. The test shall not be delayed unreasonably, however, in order to wait for a representative. The absence of a representative shall not be grounds for the employee to refuse to consent and submit to such tests or searches. The presence of a representative shall not disrupt or interfere with the tests or searches.

Before a supervisor, acting on behalf of the District under this policy, may require an employee to consent and submit to any test, the supervisor must first obtain concurrence from the department head or the department head's designee that the information available to the District about the subject employee is sufficient to determine reasonable suspicion that prohibited conduct will be established as a result of the test.

The employee shall give consent to a blood, urine or breathalyzer test, or any combination, upon request, by signing a consent form. The form shall contain the following:

- A signature line for the employee to sign evidencing the employee's consent to the release of the test results to the District;
- An explanation of the procedure for confirming an initial positive test result for a controlled substance, including marijuana;
- 3. A statement of the consequences of a confirmed positive test result for a controlled substance, including marijuana;
- 4. A statement of the consequences of a confirmed positive test for alcohol:
- A statement of the consequences of refusing to consent to the blood, urine, breathalyzer or other test.

The employee shall be furnished an opportunity to include on the consent form a list of legally prescribed and over-the-counter medications, which may be in the employee's body. The employee shall also be afforded the right to explain a confirmed positive test result for a controlled substance, including marijuana or a positive test for alcohol.

In the event that the blood or urine test results are positive for controlled substances(s), including marijuana, the District shall require that a second confirming test from the same sample be conducted, using gas chromatography/mass spectrometry techniques or a qualitative equivalent, which also must be positive before concluding the employee has such substance(s) present in the body.

If a blood or confirmed urine test is positive, the District will instruct the laboratory to retain the blood or urine sample for a period of not less than 30 calendar days from the date the tests are complete for the purposes of allowing the employee to conduct an independent test at his or her own expense at a laboratory approved by the District.

The procedures to obtain, handle and store blood and urine samples and to conduct laboratory tests shall be documented to establish procedural integrity and an uncompromised chain of evidence. Such procedures shall be administered with due regard for the employee's privacy and the need to maintain the confidentiality of test

results to an extent, which is not inconsistent with the policies expressed in this Rule.

The employee shall be notified of the results of all tests conducted pursuant to this Rule.

PRE-EMPLOYMENT DRUG SCREENING - SAFETY-SENSITIVE POSITIONS

The District will invite successful applicants who are offered an opportunity to interview for safety-sensitive positions the opportunity to consent to a pre-employment drug screen. The applicant will be advised that the presence of one or more drugs may be cause for rejection from further consideration for employment, and that appointment to a position is contingent upon a negative drug test result. The applicant will be asked to authorize the District to conduct through the District's designated physician or laboratory testing facility a drug screen test as a requirement of employment.

Applicants shall be directed to an appropriate collection facility. The drug test must be undertaken as soon after notification as possible, but not later than 24 hours after notice to the applicant. Where appropriate, applicants may be reimbursed for reasonable travel expenses.

Applicants shall be advised of the opportunity to submit medical documentation that may support a legitimate use for a specific drug, and only medical consultants will review such information to determine whether the individual is lawfully using an otherwise illegal drug.

The District will decline to extend a final offer of employment to any applicant with a verified positive test result, and such applicant may not reapply to the District for a period of twelve months. The District shall inform such applicant that a confirmed presence of an illegal drug in the applicant's urine precludes the District from hiring the applicant.

DEFINITIONS

1. <u>REASONABLE SUSPICION</u> - is defined as specific articled observation by a supervisory employee concerning the work performance, appearance, (including noticeable odor of an alcoholic beverage), behavior or speech of the employee. Any accident or incident involving physical injury to any person may be considered to constitute reasonable suspicion for discovery testing for drugs or alcohol where human factors contribute to the incident and a question of sobriety short of reasonable suspicion exists.

Reasonable suspicion testing may be based upon, among other things:

- a. Observable phenomena, such as direct observation of drug use or possession and/or the physical symptoms of being under the influence of a drug;
- b. A pattern of abnormal conduct or erratic behavior;

- c. Arrest or conviction for a drug-related offense, or the identification of an employee as the focus of a criminal investigation into Illegal drug possession, use, or trafficking:
- d. Information provided either by reliable and credible sources or independently corroborated:
- e. Newly discovered evidence that the employee has tampered with a previous drug test.

Although reasonable suspicion testing does not require certainty, mere "hunches" are not sufficient to meet this standard.

<u>UNDER THE INFLUENCE</u> is defined as any detectable level of drugs (in excess of trace amounts attributable to secondary exposure) in an employee's blood or urine or any noticeable or perceptible impairment of the employee's mental or physical faculties. With respect to alcohol, a blood alcohol content of .04 percent constitutes being "under the influence" while on duty.

<u>CONTROLLED SUBSTANCES</u> are defined as all forms of narcotics, depressants, stimulants, hallucinogens and cannabis, whose sale, purchases; transfer, use or possession is prohibited or restricted by law.

OVER-THE-COUNTER DRUGS are those which are generally available without a prescription from a licensed practitioner/physician or dentist and are limited to those drugs which are capable of impairing the judgment of an employee to safely perform his or her duties.

<u>PRESCRIPTION DRUGS</u> are defined as those drugs, which are used in the course of medical treatment and have been prescribed and authorized for use by a practitioner/physician or dentist.

SAFETY-SENSITIVE POSITIONS are defined as a job in which the employee is responsible for his or her own or other people's safety. It also refers to lobs that would be particularly dangerous if performed under the influence of drugs or alcohol. Safety-sensitive positions are often the focus of drug and alcohol testing. A safety-sensitive position does not include the following District jobs for this purpose: Executive Assistant, Office Assistant, Finance Manager and Fire Corps Volunteers.

SEARCHES. Employees shall have no expectation to be free from search of a locker, desk or contents of other similar District controlled spaces. The search of any area used exclusively by an employee (when directed at or against an employee due to suspicion of a violation of this policy) shall be based on reasonable belief that the employee possesses any controlled substance. Such a search shall be approved by the department head or the department head's designee and, if possible, notice to the

FIRE CHIEF REPORT

FIRE CHIEF'S REPORT MONTH-August 2021

I. CURRENT FIRE ACTIVITY STATUS:

There are no fires currently threatening Central Oregon, but a significant number of fires remain on the landscape in the Western Cascades.

II. NOTEWORTHY OPERATIONAL EVENTS:

Several lightning storms have moved through the area in the past month. We have been fortunate to not have any significant fires within the fire district. There were two fires near Lake Billy Chinook caused by the lightning storm. The USFS was able to contain these two fires and limit the threat to homes.

III. COMMUNITY SERVICE EVENTS/ MEETINGS:

- 1. I attended the following meetings and community events in the past 30 days.
 - a. Sisters Fire District all career staff monthly meeting.
 - b. OR-Alert governance meeting
 - c. Volunteer Association Mtg. and training.
 - d. Multiple Or-Alert alerts and warnings meetings.
 - e. Multiple legislative coordination meetings with OSFM and OFCA lobbvist.
 - f. Meeting with City Councilor Jennifer Letz regarding wildfire issues.
 - g. Grandview Fire closeout meeting.
 - h. Oregon Fire Chiefs Association monthly meeting.
 - i. Multiple WUI rulemaking and mapping meetings
 - j. State Interoperability Executive Committee meeting.
 - k. Central Oregon Fire Chiefs meeting.
 - 1. Served as Safety Officer for Kiwanis Hoodoo Challenge race.
 - m. Met with City of Sisters regarding use of city water for wildland firefighting.
 - n. Multiple Fire Defense Board Chief meetings.
 - o. Oregon Fire Chiefs Association strategic planning meeting
 - p. Oregon Fire Chiefs Association Board of Directors meeting.
 - q. Resident Volunteer graduation ceremony.
 - r. Oregon Fire Marshals Association coordination meeting.

IV. SPECIAL PROJECTS UPDATE:

- 1. With the passage of SB 762 there was a requirement to establish several Rule Advisory Committees (RAC) to provide recommendations regarding rules for implementation. There is a RAC for adopting a definition of the wildland urban interface and for establishment of the statewide risk map. I have been appointed to both of these rule making bodies and we are meeting weekly.
- 2. In addition to the RAC, SB 762 calls for the creation of a new position to oversee implementation of wildfire initiatives in Oregon. The new position will be the Wildfire Programs Director. The director will receive guidance from a newly formed group called the Wildfire Programs Advisory Council (WPAC). The WPAC is comprised of 19 individuals who will be appointed by the Senate President and Speaker of the House. The Oregon Fire Chiefs Association has a seat on this committee and my name has been submitted to serve on the WPAC.
- 3. I have been elected to serve as the Vice Chair of the State Interoperability Executive Council. The SIEC coordinates resources, develops policy and guideline recommendations, and identifies technology standards to facilitate coordinated emergency interoperable communications in Oregon.
- 4. We will be holding a testing process for Shift Commander on November 23. Our goal is to complete the testing process and have the successful candidate shadow Captain Brown for six months before his retirement.
- 5. Chief Craig continues to work closely with COIC and other local governments in the development of a regional emergency services training center. I will ask Chief Craig to provide an overview of the project at an upcoming Board meeting.
- 6. We are continuing to monitor and update policies to maintain compliance with changing COVID 19 guidance and regulations. We will be returning to masking in public spaces effective 8/13/2021. We are also working with the Oregon Fire Chiefs Association and other stakeholders regarding mandatory vaccinations for EMT's, or optional weekly testing. These rules are scheduled to become effective September 30th.
- 7. In addition to the new COVID 19 rules, we have been working on new policies related to OSHA rules for excessive heat and smoke. The new rules are now in effect and require training for employees as well as mitigation measures.

V. <u>VOLUNTEER STATUS:</u>

We're planning for a fall volunteer academy beginning September 20th. We have five volunteer applications in process at this time.
